7 MOST ENDANGERED PROGRAMME 2023

“Europe's cultural heritage is a vast, multi-faceted mosaic showing who we were, who we are, and who we aspire to be. We are all responsible for this huge, precious and fragile legacy”.

ABOUT THE PROGRAMME

The “7 Most Endangered programme” is run yearly by [Europa Nostra](#) in partnership with the [European Investment Bank Institute](#) and has the support of the [Creative Europe Programme](#) of the European Union.

Launched in 2013, it forms part of a civil society campaign to save Europe's endangered heritage. It consists of identifying the most threatened monuments, sites and cultural landscapes in Europe and mobilising public and private support, to find a viable future for these heritage sites.

The programme raises awareness, carries out independent technical assessments and proposes recommendations for action.

For a threatened heritage site, being on the 7 Most Endangered List increases visibility and often serves as a catalyst for action.

7 MOST ENDANGERED PROGRAMME 2023

Timeline

CRITERIA FOR SELECTION

The monuments and sites are selected considering:

- Heritage and cultural value of the site;
- Imminent danger the site is facing;
- The engagement of local communities and the commitment of public and private stakeholders to saving the site;
- The potential of the site to act as a catalyst for a sustainable socio-economic development of the area where it is located.

POST-SELECTION PROCESS

Heritage and financial experts from [Europa Nostra](#) and the [European Investment Bank Institute](#) follow up and undertake “rescue missions” to the 7 selected sites, together with the nominators.

The multidisciplinary teams assess the sites and help formulate a feasible action plan for each of them, in close cooperation with national and local public and private stakeholders, including the site owner(s).

The results and recommendations of these missions are summarised in technical and financial reports that are made available on the Europa Nostra website. You can read about previous successful 7 Most Endangered projects via [this link](#).

THE EIB HERITAGE GRANT

The 7 Most Endangered Programme includes the possibility for the seven selected sites to receive an **EIB Heritage Grant** of up to 10.000 euros to start the implementation of actions, studies or assistance measures for the threatened site. Europa Nostra will ask all shortlisted sites to submit a feasible project proposal.
